The book itself looked like it was a hundred years old. The pages were all yellow. This was the first paperback book I had bought from Amazon.

This book, Adam Sandler: Not Too Shabby, is a great look at the life of Adam Sandler. Starting in his days as a child, this book tell most everything in the life of this crazy movie star's life. Revealed in this book are alot of the secrets behind Adam's movies. Not only do you learn about Adam, you also get to learn about some of his co-stars from his movies. This easy-to-read book is great for all ages but I wouldn't recommend it unless you like Adam Sandler and his movies.
