Dammit Kassana has done it again, and I am Estatic!

Damn Ms. Dwight Did it Again!

One of things about Authors who have become seasoned writers is that sometimes more often than not you can recognize the formula of a book and predict the outcome and/or how the storyline is going to go. Just like her previous books, this story does NOT suffer from that symptom! The story about Jin Woo and Anjula is really really good. Having a story with with a sexy Asian hero and Black female character (even though she had the damn green/hazel eyes, she was still a chocolate goddess) is rare to find in the IR genre and I wish more writers would tackle those parings. Jin Woo is not the whimpy nerdy Asian stereotype but the hot martial expert rebel of an esteemed Korean family. Anjula is not a round away girl but a professional child psychologist (thank you for writing positive role models and not ex strippers/round the way girls with golden hearts blah blah blah). Their meeting is realistic and explosive and they when they finally come together, Kassanna has given the story more than enough time to develop for those of you women who are still shy about a heroine giving up the goodies too quickly. (weird since I know most of the readers of this genre have children so they are not nuns or virgins, just saying. There is the nutter ex and some type of intrigue that coming. Yes coming, because this story is a cliffhanger! BUT, STAY WITH ME and this is why this book got one of my RARE 5 star reviews, Kassanna has written the PERFECT cliffhanger where even if she does not write the second part in year, ( I hope not) you are left feeling like this is a standalone book! There is no stupid someone leaves and you don't know where they have gone ending. There is no hero and heroine are separated at the end of the book crap, Its a well written story, with excellent funny supporting characters and mystery that makes you want more. I hope she doesn't wait too long for part 2. I think you will find this book enjoyable, compelling, the characters will mean something to you and you will want to maybe try a little Asian Persuasion for yourself. RECOMMENDED.

Sweet Heavens!!!

By Cafe au lait Diva.

Kassanna has taken things to another level with Asian Persuasion! Gripping from the first page until I read those dreaded words "The End."

Choi Jin Woo is a dangerous man and one not to be trifled with. Annual Matthews is a strong and charismatic woman that does not suffer fools well. I love Bai Lin and Jay and how they support their friends and their commitment to being ride or die peeps. Whomever this fool is that's threatening Anjula and Jin just might windup dead. I have a feeling it might not be who we think not is.

I normally don't like cliffhangers but this one ended well and ok am fully engaged and intrigued. I can't wait for the sequel.

Hmmmm.....

I liked the storyline of this book. I enjoyed the characters but it wasn't the best book I've read. There were many spelling and grammatical errors. It was almost as though no one proofread it. I also am not a fan of cliffhangers. If you are interested in finding out what happens next, you must get another book. I'm not sure if I'll continue to follow this series.
