A wonderful glimpse into the life and times of the dory ...

By Win Taylor

A wonderful glimpse into the life and times of the dory fisherman who plied the Grand Banks in sailing schooners. Growing up in a small coastal New England fishing village, I had the honor of knowing one such fisherman who hailed from Newfoundland. He had shared his memories of many voyages not unlike the one depicted here by Kipling. It was a wonderfully well told story, complete with the linguistics of the times.

In the fray!

By Piggy

What a way to get a comeuppance! From an ocean liner stateroom to a fishing schooner via the cold Atlantic, Harvey learns self-discipline first hand, and Disko Troop and company give him no leeway. Once you get the hang of the jargon, it's a typical Kipling insight into the the late 19th - early 20th century mind.

A boy becoming a man

By Robert M Damler

This story is as true today as when it was written. It tells of how we must learn to show respect for others and ourselves. The story is simple but with deep color of the sea and of the individuals in the "We're Here". It is definitely an adventure that is worth reading.
