Dare to Submit is a sizzling hot contemporary erotic romance

By D. Antonio

Dare to Submit is a sizzling hot contemporary erotic romance by Carly Phillips. Though it is part of a series of loosely connected books it can be read stand alone.

Decklan Dare is an alpha cop but not über alpha. He has abandonment issues that he deals with by being in control whenever and wherever he can that is until Amanda Collins gets under his guard. Amada has issues too and has managed to keep her heart fairly safe until she meets Decklan. Can they take a chance and let the other in? While they are figuring it out they can and do enjoy each other in the bedroom.

This is a super quick read. I read it in one sitting and stopped only to turn on the fan.

Carly Phillips goes hotter and it's just right!

By Heather F.

I'm ready for a Carly Phillips book every time we are lucky enough to get one, but I had been waiting on this one for awhile. I had been intrigued by Decklan previously and boy, was he worth the wait!

While this may be the hottest book that Phillips has put out in the market, I also felt it was the one with the most heart and emotional center. I was drawn in by both Decklan, the brooding cop who was struggling to connect emotionally with anyone outside of his brother and sister, and Amanda, the loyal personal assistant who had long ago shut herself off from any kind of meaningful relationships.

With events in their past that neither one of them had properly dealt with, a whole new world opens to them when they connect immediately due to attraction, but also on a much deeper level. As they navigate the rocky road of opening themselves up, they learn important things about themselves and what finding that one person that can break down your walls will do for you.

There is no doubt this book has a high hotness factor, and that was certainly a great part of it, but it also told the story of two people that thought they were happy, but realized there was a whole new level of happy right on the other side of the club.

No question I would recommend this book in a heartbeat. This has quickly become one of my favorite Phillips books and Decklan one of my favorite heroes!

Loving Carly Phillips' Hotter Writing!

By N. Royalton, OH Mom

Wow! I am really enjoying the turn up of heat Carly Phillips' is bringing to her Dare series. Dare to Submit is the latest story about Decklan Dare and Amanda Collins. Decklan enjoys being in control in all aspects of his life especially since the loss of his parents. He doesn't do relationships but he is a member of a BDSM club. For the past few months he has been watching her, who happens to be Amanda, at the club. He would love to be with her but he feels such a draw to her, he is afraid he would break his "no relationship" rule.

Amanda can always feel him, who happens to be Decklan, watching her while at the club. She doesn't understand why he has never approached her. Amanda doesn't do relationships because of something she is hiding and found she can get what she needs at the club.

After a situation gone bad with another guy at the club, Decklan comes to Amanda's rescue. From the moment they touch, the electricity sizzles. I loved their first encounter at the club! Amanda decides to go with Decklan back to his place to continue the night. And continue they do! Decklan wakes up the next morning realizing he has feelings for Amanda and is thinking maybe he wants to try a relationship with her. That is when he realizes he is alone. She left in the middle of the night.

Amanda goes back to Washington D.C. and her job as a personal assistant for her best friend Brad. I adore Brad! Everyone needs a gay best friend! Brad tries getting her to talk about her latest trip to New York when she met Decklan but Amanda refuses. Brad can tell that Decklan affected her in ways that no one has before. After a month, Amanda decides to return to New York and the club. She walks in and sees Decklan and things explode. Talk about HOT! The carriage ride....OMG!

They continue on with developing a relationship, spending more and more time together. Amanda is keeping a big secret from Decklan. She talks it over with Brad and decides she is going to tell Decklan all about it. Unfortunately, Decklan finds out before Amanda can tell him, and let's just say is NOT happy. I loved the ending and how everything came together so Decklan and Amanda could get their happy ending! Great shocking twist!

Overall another great book from Carly Phillips! Highly recommended!
