Fantasy Love Story

By John-Michael Lander

As cliché and trite as some of the sentences appear, Dive Deep: Tidal Crest Book 1 by Jeff Erno, pays off with the realism and true emotions shared between the Olympic Diving Champion, Sam Lewis, and his merman lover, Percy. The reader is drawn into Erno's fantasy world and believes all things are possible, even the final twists that provides a happy- ending fairy tale. Erno's ability to project strong emotional drives is an artful craft in characterization. My only disappointment is it isn't long enough. I wanted more. I wanted to know more about the DSs (Dolphin Shifters). Dive Deep is a wonderful and enjoyable read.

Wonderful shifter/fantasy book.

By Heather Leonard

Tidal Crest book 1 was very fun to read. It had all the elements of a great fantasy/shifter book. It was fast moving, emotional, and funny all at the same time. I had a great time reading it, and I really enjoyed the second book as well. I hope there are more in this universe.
