One that will make them really feel completely satisfied is finishing reviewing this publication HIJACK OVER WEAVER'S NEEDLE By Roland Smith and also getting the notification of guides, after that finding the other following e-book to check out. It continues even more as well as much more. The time to finish reading an e-book HIJACK OVER WEAVER'S NEEDLE By Roland Smith will be consistently numerous relying on spar time to invest; one instance is this [HIJACK OVER WEAVER'S NEEDLE By Roland Smith](#)

Now, exactly how do you recognize where to buy this book HIJACK OVER WEAVER'S NEEDLE By Roland Smith Don't bother, now you may not go to the book store under the brilliant sun or evening to search guide HIJACK OVER WEAVER'S NEEDLE By Roland Smith We right here constantly help you to discover hundreds kinds of publication. One of them is this e-book qualified HIJACK OVER WEAVER'S NEEDLE By Roland Smith You may go to the link page supplied in this collection and afterwards go for downloading and install. It will not take more times. Merely connect to your website gain access to and you can access the publication HIJACK OVER WEAVER'S NEEDLE By Roland Smith online. Obviously, after downloading HIJACK OVER WEAVER'S NEEDLE By Roland Smith, you may not publish it.

HIJACK OVER WEAVER'S NEEDLE BY ROLAND SMITH PDF

Ten thousand feet above a moonlit Arizona desert, a man, a parachute, and a bag tumble from a slow moving jetliner. This is the electrifying culmination of a series of seemingly unrelated events which have occurred over several months at TriCon Airlines. A routine flight turns tragic when a flight attendant is struck and paralyzed by a careening food cart. A massive bird strike rocks another flight and an engine explosion on still another flight fatally injures a passenger. TriCon's arrogant management wrongly places the blame for much that happened on an intense, well-liked employee shattering his comfortable life and setting in motion a deadly quest for revenge. Highly trained, armed with insider knowledge, and virtually unlimited access to the planes, he methodically and brilliantly sets the stage for his retribution. An ordinary man, pushed too far, decides to push back.

It's a story that no one could have predicted or thought possible in today's environment of intense airport security and passenger awareness.

A fun and exciting book

By Benjamin W. Sellers

I REALLY enjoyed "Weaver's Needle". It has a fascinating plot that anyone who travels can identify with and enough twists to hold my interest all the way through. The technical and administrative details are believable and add to the story line. It was a compelling read that was hard to put down. Great job!

A good read

By artzgal

I found this book to be very interesting. The plot was well thought out and the twists were unique. It addressed issues in the industry that are current while also referencing events from the past. A good book for those interested in airplanes or the airlines.

Outstanding First Novel

By Ronald W. Hull

Weaver's Needle is the first novel of retired airline manager, Roland Smith. Using his considerable knowledge of airlines and commercial aircraft, and the culture of commercial airline employees, Smith has spun a fictional sequel to the infamous D.B. Cooper hijacking that is to be admired both for its writing and for its technical accuracy. The hero, Jack Trainer, is the typical engineer, caught up in the circumstances of his company's poor decisions about profit, employee welfare, and safety, that is a metaphor for the way many companies are operating in today's financially driven economy. Trainer is just one of the many disgruntled employees out there because of the operating practices used by greedy executives and curmudgeon bosses who have risen to power by using Machiavellian practices.

After his wife's death caused by the neglect of his superiors, Jack Trainer plots his revenge and carries it out in minute detail. An unfortunate incident threatens to unravel his perfectly executed plan; but, as with any good novel, an appropriate twist saves the day. The only drawbacks are that the desert incident would seem to be very unlikely and the total escape of a suspect with complete known history and identification, including age, fingerprints, photos and known skill sets by the FBI and Interpol could succeed.

Roland Smith's story is very straightforward and easy to follow. His characters are well developed and the interpersonal relationships are very strong and believable. I highly recommend anyone interested in airplanes, airlines, corporation politics, or D.B. Cooper read this novel. However, anyone interested in a contemporary, well thought out, hijacker as Robin Hood story, should read it for pure enjoyment.

Ronald W. Hull, author of *It's in the Water and Other Stories*
