HOW I WENT FROM WELFARE TO MILLIONAIRE WITHOUT WINNING THE LOTTERY BY DAVID LEDOUX PDF

It's July of 2000. Salt Lake City is sweltering in the summer temperatures, but inside the city's Convention Center there is a heat of an entirely different kind. Thousands of people pursuing their financial dreams have come together to celebrate their successes, and they are doing so with a frenzy.

Backstage, I'm pacing with electric nerves and surging adrenaline. I look at the Rolex on my wrist and see that we're just seconds away from the big moment.

I hear the public address system crank up. The crowd settles. I close my eyes to soak in the moment and, seconds later, hear the words for which I'd waited years.

"From Canada, new Million-Dollar Club Members, David and Falia Ledoux!"

My wife and I float up the steps to the giant raised stage. As we step into the brilliant light, the roar from the crowd is deafening.

How did I get here?

In December 1991 I lay in a frozen snow bank, homeless, destitute and alone.

How did my life change so much, so quickly?

Inspiring!

By Denis Gauthier

Wow... seriously inspiring. You hear about these types of stories all the time, but this book hit home for me on a number of levels. For starters, I've been to many of the places David writes about... and the book is written from a very grounded real perspective. No holds bard! Nothing held back. Incredible story with real live ways to impact your own life right now.

5 stars no question.

Buy and read this book NOW!

WOW I loved this book "How I Went From Welfare To Millionaire Without Winning The Lottery", I actually read it in about 24 hours and I'm not the fastest or most diligent reader at all but this book is super interesting, extremely inspiring and highly entertaining, I know what its like to struggle in MLM myself when you don't really know how to grow it or how everything works plus I'm a huge martial arts and MMA fan as well and I almost bought a VW Passat myself, I ended up getting a Jetta instead many years ago cause it was cheaper and a little more sporty so I understand David pretty well and have quite a bit in common with him except his success really but if you read this book you will learn he wasn't always successful and his journey is one of the most inspiring stories I have ever read or heard of and I encourage not only MLM fans to read this but anyone who wants to be inspired and entertained by a truly great book and amazing story, buy and read this book NOW if you are even remotely contemplating on purchasing it plus it will encourage anyone who is thinking about MLM to give it a try and if you're already involved in MLM this book will for sure light a fire under you to truly want to work the business and feel you can have success just like David did cause he holds nothing back and tells you how he did it with all his ups and downs in simple terms in a very easy to read fun honest style, GREAT BOOK, I will be reading his other book "How to build a humungous downline in Network Marketing" next very soon, thank you for sharing your story and being so honest David!
