Grade 5-8—These biographies examine how their subjects influenced their respective fields and the nation. Each book opens with an account of the man's upbringing and childhood interests, then focuses on his career, with a limited amount of information about his personal life. Cunningham describes Hoover's manipulation of public opinion of his own exploits and the FBI's; his illegal use of investigative methods and confidential files; and his overzealous pursuit of communists, Civil Rights leaders, and war protesters. Although Cunningham mentions Hoover's lifelong male friendships, he draws no conclusions about his private life. Haugen is largely admiring of MacArthur, describing his strong leadership qualities, military acumen, and popularity with the American people. Although she mentions some of his conflicts with his peers and his Korean War dismissal by Truman, she does not dwell on them. Both books include a variety of black-and-white and color photos of the men, their families and peers, and the public figures who influenced their lives. These basic introductions do not offer the detail or analysis found in titles such as Ann Graham Gaines's *Douglas MacArthur: Brilliant General, Controversial Leader* (Enslow, 2001) and Barry Denenberg's *The True Story of J. Edgar Hoover and the FBI* (Scholastic, 1993).—Mary Mueller, Rolla Junior High School, MO
