He is an excellent writer and develops the nudist theme in each book ...

By Patrick Collier

I know this author from reviewing all of his other books. He is an excellent writer and develops the nudist theme in each book which gives a realistic picture of what nudism is and the nudist activities that happen throughout all of his works. I really like his honest and lively writing style. I would encourage other customers who may be curious about nudism to read at least one of his books. Not everybody is comfortable reading nudist themed books but if you will give yourself permission to step outside your comfort zone I think you will be surprised by what you learn about nudism and about the people who are comfortable in their own skin without the need for clothing to be accepted by others who may see them. Your naked body is not 'ugly' at all. God made us all in his image (male and female). When he looked at what he created he said it (man and woman) was "very good!" If this thoughtful review piques your interest in the subject of nudism, buy the book and see what you learn!
