HOT, SEXY AND OH WOW

By Catarina

Well Occupational Therapy is book two in the Billionaire Dominance Series by Abi Aiken and Rozlyn Sparks. It starts where Submission Therapy ends and you will be totally drawn in.

This book hot and sexy, you will totally fall in love with Master Sweet/ Doctor Mason Jardine. You will fall under his spell just like Christina. It make you wonder what it would be like to be commanded by him.

I managed to read this in a few hours it is short and fast but it will leave you wanting more. I can't wait to read book Three to see how this ends or where these two authors take us.

This series so far is definitely a 5 star series.

Occupational Therapy picks up where book one left off, Christina is working to try to understand how Master Sweet can make her want to submit to him.

She's still struggling to let go of her need to control and work on her health issues.

All seems to be going well until Master Sweet asks something of her that is too much for her, it goes against a deeply ingrained belief that sends her away with the situation unresolved.

We get a bit more of an inside look at both Christina and Master Sweet in this volume, I look forward to

book 3 to see if Christina truly can let go and submit completely.

Wow, scream, want more.

By Kristy Dean

I love this short series, but hate that there is a CLIFFHANGER. You can connect with these characters, but I do wish that it was a full story or will lead up to a full story soon.

Overview. Christina is ready for her next lesson with Master Sweet. Master Sweet is testing Christina's limits. He knows what she needs, mentally, physically, and emotionally. But Christina is having a hard time accepting it. Will Christina accept the next stages or will she lose her master and everything she has gained from this experience.
