What the?!

By Ariel Marie

Cliffhanger alert. The story just stops. No warning, no nothing. Just stops and leaves you hanging. If I would have known that I may not have downloaded it unless I knew that all the books in the story are available.

3-part serial w/clunky storyline

By Leiah

These are mismarketed. These are NOT "books". It is a 3-part serial, with cliffhangers. And not very well written at that. There is better work out there.

Not recommended.

MUST READ-SPECTACULAR!!!

By midniteink

The Scarlet Emerald-Stealing the Alpha, Book 1-An exhilarating beginning to a spectacular series. I adore series, you get acquainted with all the awesome characters, and the characters in this series are sultry, powerful, magical, and full of surprises.

This story features Mel, a sultry, audacious, beautiful leopard shifter; Luke, a gorgeous powerful Alpha lion shifter who is moonstruck over Mel; Bob and Krista Mel's partners in crime, Tina who hires Mel to steal the Scarlet Emerald....

What you'll find in this story; a cast of amazing impressive and engaging characters, spectacular story-line, powerful vivid scene descriptions, potent magic, vampires, witches, heart-rending moments, family issues, pent-up rage, emotions skyrocket, romance, spine-chilling suspense, and a cliffhanger conclusion leaving you awe-struck and yearning for the answers you desire.

Mel knows in her heart that stealing the Scarlet Emerald may lead to a fate worse than death, but the payment for stealing it, means settling a long awaited score.....

WOW fantastic fast paced well written read by a truly gifted author. The characters were convincing and certainly praise worthy. Mel is fearless as cat burglar, but she also sports an honorable persona; The powerful alpha finds himself in a precarious situation with the lovely leopard shifter as feelings towards her begin to flourish. I relished this story; it was fabulous from start to finish, and I eagerly await the next book. If you dote on shifter stories with romance and thrilling danger this is an excellent choice for your library. {I was given a romance arc for a completely truthful review}. In the world of shifters the possibilities are endless and always fascinating. Without reservations I recommend this book and the series.
