A leading educator makes Forex investing as easy as driving a car

In The Forex Trading Manual, Javier Paz provides easy-to-understand examples of long- and short-term strategies, best practices for navigating the economic calendar, and applications for trading a variety of currencies. To make this complex subject simple, he draws analogies between the different steps of trading in this market to the steps of turning on and driving a car. You'll learn:

- Need-to-know facts about the Forex market
- Effective trading strategies
- Ways to build a coherent Trading Plan
- Everything you need to know about return on investment and risk

Javier Paz founded formed FXBriefing, a boutique research firm serving institutional investors, corporate finance officials, and members of governments. In 2007, he launched ForexDatasource.com, which helps Forex traders make better choices. Paz is the creator of the FX Hound and mktNus fx technology, the broker dealer ranking methodology, and of forecasting models such as the Fundamental Market Value (FMV) of currencies.

Beginning Forex
By roblis

I have been a beginning forex trader for almost 4 years now (slow learner!) and must say that this book details some very important concepts that I learned the hard way. Well written with many good resources listed for expanding your trading knowledge and tool chest.

Love it

By Richard Oglesby

I really enjoyed this book. While so many investing and trading books point you to concepts and leave you to figure out the details on your own, this one walks you through a comprehensive step by step process to actually monetize the concept. Its one thing to identify a signal, its another thing to make money on it, this book focuses on the latter, which has been a big gap in the market.

Great starting point for Forex Traders

By Pakord

Great book for everyone to read. It not only covers the FOREX Market basics, but also gives you specific strategies and a lot of websites, forums, magazines so you can keep informed as a trader. Also this books covers all the regulatory instances for FOREX, which is also very important to keep in mind.
