Get ready for a journey to the Baskervilles - the hall shrouded in a fog of sinister mystery, and where the famous detective Sherlock Holmes and his faithful friend Dr. Watson encounter the most terrifying and deceitful of their opponents. Get ready to look directly into the dark soul of crime and let the Gothic atmosphere of one of the best works of the Victorian era carry you away. Can you feel the night fall? Over the countryside? How slowly and quietly the freezing fog opens its cold arms? The birds stop singing. The suffocating silence envelops the neighbourhood. Once again something unnatural and evil walks the house, lurking for unwary souls. Turn on the lights, lock the doors, close the shutters, hide under the bed covers... I'm not saying it will help, but what if?

Not that good, alas!

By RIJU GANGULY

Petr Kopl's adaptation of "A Scandal in Bohemia" was the freshest as well as the most iconoclastic interpretation of the immortal work penned by Sir ACD. Unfortunately, such words can't be written about this work. In many senses it remains true to the original, and there it falls short of the graphic novel version created by Ian Edginton. It also tries to incorporate cross-references to other classic works, but this time they appear somewhat superfluous. Nevertheless, HOUND is something that can be read in any form, anytime. Too bad that Kopl had set his standards so high in his first work made available in English.

A fun read

By Acyla Holderness

The Hound of the Baskervilles is Petr Kopl's second Sherlock Holmes adaption.

Sherlock Holmes fans will already be familiar with the story of the Hound and quite a few adaptations but what makes Petr's work stand out are the little bits and pieces you see here and there. For example there is a scene from the Solitary cyclist when Sherlock talks about how he followed Milverton for the day his tobacco smoke looks like a skull. On the wall are pictures from A Study in Scarlet and The Dancing Men. You even get guest appearances from Mary Poppins appearing on the roof as well as Jonathan Harker {from Dracula} Dr Jekyll who the hotel reception says "if only every guest was like you" while looking his nose down at

Holmes and Watson.

Petr's artwork is perfect for the gothic story. Wonderfully drawn illustrations which

There's also a letter from Sherlock Holmes at the end breaking down each chapter and all the little quirks inside them.

Other things I love are quotes like these.

watson: So to sup it up you'er going to the moor, where you will be in mortal danger to be certain that there is a mass murderer on the estate so you can have a good night's sleep?

Baskerville just glares at him.

Watson: Alright i'll get my coat.

A Different Hound of the Baskervilles

By Holmes Fan

Over the years, I've collected literally thousands of volumes related to Sherlock Holmes. Mostly I try to find pastiches, providing additional adventures about Our Heroes, Holmes and Dr. Watson, to augment the pitifully few 60 original stories in The Canon. However, my collection isn't all pastiches – there are a number of editions of The Canon, as well as countless books of commentary and analysis. As part of that collection, I've obtained a number of graphic novels and comics related to the Great Detective, some with original stories, and some adapting the originals. I was very happy to find these very handsome volumes of three of the Canonical tales, as written and drawn by Petr Kopl.

The first thing that should be mentioned is that Kopl did not limit himself to the actual Canon, in that he adds twists, subplots, and outright changes – some very big changes indeed! Although I'm not entirely happy with this – I'm a purist, after all – I understand what his purpose was. When I re-read these Canonical adventures next time, it won't be from Mr. Kopl's works, I can step outside of my purism and enjoy them for the little masterpieces that they are.

In Kopl's adaptation of "The Hound of the Baskervilles", his artwork is very evocative of the different moods of the story, from safe moments inside, rendered in plain browns, to jagged blues and greens and other dark shadows when on the Moor, facing the threat of the Hound. And at the end, he provides an unexpected Epilogue that might change everything.

Although I disagree with Kopl's handling of the Canonical stories, I can't help but admire all the effort and talent that went into producing these handsome volumes. I understand that he has also produced a similar version of Doyle's "The Lost World", which I'm sure will please fans of Professor Challenger. I know that I'm curious to see what he does next in the World of Holmes.
