Review

"Liu writes a gripping supernatural thriller."

First in a stunning new urban fantasy series from an author who "Never Ceases to Amaze."

"Readers of early Laurell K. Hamilton, Charlaine Harris and the best thrillers out there should try Liu now."

About the Author

Marjorie M. Liu is an attorney who has lived and worked throughout Asia. She hails from both coasts, but currently resides in the Midwest, where she writes full-time. Her works include *A Taste of Crimson*, the eight-title *Dirk and Steele* series, *X-Men: Dark Mirror*, and the novella *Hunter Kiss*. She has also contributed stories to the anthologies *Holidays Are Hell* and *Hotter Than Hell*. Marguerite Gavin has recorded over three hundred audiobooks in nearly every genre. A nominee for the prestigious Audie Award, she was won both AudioFile Earphones and Publishers Weekly Listen-Up awards. AudioFile magazine says "Marguerite Gavin is an accomplished storyteller . . . with a sonorous voice, rich and full of emotion, she easily delivers wry humor and moves smoothly from accent to accent, recalling multiple characters perfectly." Marguerite divides her time as an actress between the sound studio and classical theater. She lives with her family in the Washington, D.C., area.

The difference is just the forms of the book The Iron Hunt (A Hunter Kiss Novel Book 1) By Marjorie M. Liu, whereas, this condition will precisely be profitable.

THE IRON HUNT (A HUNTER KISS NOVEL BOOK 1) BY MARJORIE M. LIU PDF

First in a stunning new urban fantasy series from an author who “NEVER CEASES TO AMAZE.”
(BOOKLIST, STARRED REVIEW)

Demon hunter Maxine Kiss wears her armor as tattoos, which unwind from her body to take on forms of their own at night. They stand between her and her enemies, just as Maxine stands between humanity and the demons breaking out from behind the prison veils. It is a life lacking in love, reveling in death, until one moment—and one man—changes everything.

A tantalizing read!

By Detra Fitch

During the day Maxine Kiss is covered in black tattoos, even her nails. The only part of her body that is not covered in markings is from the top of her neck to her hairline. Maxine keeps all the markings covered - always. During the day those same tattoos are her armor. Nothing can harm her. She is invincible. At night the tattoos peel from her skin to take on forms of their own. No one would ever have imagined an army of

demons living on one woman's skin. When "the boys" peel off of her skin, Maxine is human - vulnerable. But the demons are the best little bodyguards on earth.

Long ago a prison had been built out of air, a prison made of layers and rings and boundaries. The worst demons were sealed in the prison. Yet now, ten thousand years later, the prison is beginning to fail. However, even way back then, someone knew it would eventually happen. That someone created the Wardens, men and women with the speed and power to guard this world against a break in the prison veil. The Wardens were humans constructed to fight those demons that manage to slip through the veil. The Wardens are all dead now. The women in Maxine's family are the last.

Someday, just like her mother before her, Maxine will raise and train her daughter. Then "the boys" will abandon Maxine for her daughter - leaving Maxine helpless against her enemies. This, for Maxine, is normal. It is the way of Earth's last protector. It is life with no love, reveling in death. Enter the one man who just may change everything.

**** This story is nothing short of bizarre. I was well into the story before everything began to make sense. Zee, the only one of Maxine's demons which actually talks, loves to speak in riddles. As things begin to solidify and make some sense to me, the author throws me for a loop by introducing zombies and demons that Maxine tolerates, if not allowing herself to feel some affection towards.

If you are looking for a quick read then this is not the book for you. Author Marjorie M. Liu's story is multi-layered and will grab readers' interests quickly, never to let go. A tantalizing read! ****

A Good But Somewhat Confusing Read

By loonigrll

****SPOILERS****

I bought The Iron Hunt without realizing that there had been a prequel story in the Wild Thing Anthology. As I was reading it, I was often confused. It almost seemed like I had jumped into the second book of the series, and I kept checking the introductory pages to make sure this was the first one. When I couldn't find anything about another book, I just assumed the author wanted to start the story right in the middle of all the action. Unfortunately, some of this did hurt my enjoyment of the book, but not enough to stop. I'll be picking up the anthology next, and will most likely continue on with the series.

Maxine Kiss was born to become a Hunter, just like her mother, and her mother's mother, and so on. She is Earth's protector against the demons on Earth and the demon army waiting impatiently for the veil to fall. The story begins when a private investigator, whom she doesn't know, is found dead with her name on his body. Maxine begins searching for answers and finds several people along the way, all of whom may be or may become very important to her.

I very much enjoyed the world that Liu had created, particularly the characters and their relationships. All of Maxine's Demons were so . . . well, lovable and cute, even when they weren't supposed to be. Maxine's memories of her mom and grandmother brought me to tears and the other characters and their various and complicated relationships with Maxine kept me wanting to know more. The book also took a few surprising turns- I was amazed by all Maxine had to go through in a single book.

Most of my difficulties with this book stem from not having read the short story. I felt the loss of seeing the beginnings of Maxine's relationship with Grant, and never felt like I really got a feel on Grant beyond him being a pretty decent and powerful guy. Because I wasn't sure if the author was going to do anything with Grant, I didn't know what to think of a couple other men (and in my mind, potential love interests) who came into the picture.

The back cover states that hers is a life lacking in love until one man changes everything. This confused me too because when the story opens, she already has Grant and has a life with love. Therefore, it took me awhile to decide if Grant was the man described in the summary or if it was someone else. Because of this confusion, I kept worrying that Grant was going to get killed off or something similarly drastic.

Another frustrating aspect for me were all the hints, and questions and mystery surrounding Maxine and her real powers, and who she really is. In fact, ALL the other characters ALL seemed to know what's going on about everything, except Maxine. I wasn't sure if some of these questions were hinted at or answered in the short story, and again just felt like I was missing something. I also got fed up at everyone's refusal to answer a direct question. This happened A LOT.

Despite a somewhat frustrating and confusing read, I still managed to get sufficiently caught up in the action, characters and the story that I quickly sped through and finished *The Iron Hunt*. I would recommend this book, however, I would also suggest reading the short story first.

Thank the Goddess it's not a sappy romance with spells!!!

By conejito asesino

If you are looking for a sappy supernatural romance with a bitchy heroine and a alpha male love interest don't get this book! You, like some of the other reviewers, will be dissapointed.

I've read all of M. Liu's books and have always found her prose beautiful. This one took my breath away. I read it in one sitting. Unlike her other books, which bordered on romance, this one strays much more into the horror arena. The first person viewpoint is intense and startling. It's IS a little confusing, but it's meant to be. The reader must put the pieces together just like the heroine does. And this is no swooning heroine. She's not looking for a prince charming. She's got the world on her shoulders and demons at her back and she knows she'll win simply because she must. The description of the demons and other supernatural characters are guttural and poetic. Think more Dante's *Inferno* than Anita Blake.

If you're tired of bland prose and want something more ethereal, more guttural. If you're tired of flighty heroines whose only determined quest is to sleep around. And if you're tired of heros who are full of the same annoying, macho blandness then you will like this book.

Be aware though... it's more epic poem than bodice ripper.

And that's a really good thing!
