- Binding: Library Binding
- 128 pages

Features

- Used Book in Good Condition

Most helpful customer reviews

2 of 2 people found the following review helpful.

Informative but poorly written

By Brian J White

Very informative and the author is well-researched. Unfortunately his writing leaves much to be desired. Composed of sometime short, yet always choppy sentences, some things just border on terrible. A sample sentence, "In Verkhoyansk, in the northeast corner of Siberia in the Asian part of the country known as Siberia, the average July temperature...."

This is typical of the style of writing found throughout the book. Good reference book, but hard to read because of the lack of flow and because of sentences like the above sample.
