Reading, once more, will certainly give you something new. Something that you have no idea after that revealed to be populated with the book *The Secret Of The Sands Trilogy By Rai Aren, Tavius E.* message. Some expertise or driving lesson that re obtained from reading e-books is vast. Much more e-books The Secret Of The Sands Trilogy By Rai Aren, Tavius E. you read, even more knowledge you get, and also much more chances to always love reading publications. Due to this reason, checking out book should be begun from earlier. It is as exactly what you could get from the e-book The Secret Of The Sands Trilogy By Rai Aren, Tavius E.

Review

Praise for the story of Secret of the Sands

"This is my kind of book. The authors are extremely talented. I cannot praise this book enough. Fast paced, page turner, character development, fascinating plot...what more could I ask for."

- ReadersFavorite.com

"Their detailed storytelling paints a picture of ancient Egypt in all its glory. The reader feels they are a part of the book, living amongst the Kierani people."

- Authors on the Rise Book Reviews

"This is a WOW of a book!!...For those of us who are lovers of the ancient worlds, Egypt, present and past, archaeology, the metaphysical, and mystical happenings, this is a great choice for you."

- Ellen in Atlanta, Amazon Vine Voice, Top 1000 Reviewer

"This is a beautifully written book and I enjoyed reading it very much, and I would readily recommend it to anyone looking for a good story to read."

- Jym Cherry, reviewer, Sonar4 Science Fiction & Horror eZine

"This novel is innovative, concise and enthralling. Fluctuating between present day and ancient Egypt, the pace never decelerates. The reader is treated to plausible theories regarding many riddles of this mysterious civilization. This time-honored culture is so clearly portrayed with characters which are so skillfully brought to life that one can easily imagine they are actually present as events are unfolding."

-allthesebooks.com

"Rai Aren & Tavius E. write a spellbinding mix of mystery, history, fantasy, and adventure in this tale of two histories - one told in the present, the other told from the past - telling a story of misused power, learning how to trust, and the fate of civilization."

- TeensReadToo.com

"A deep probing mystery riddled with prophecy and danger, Secret of the Sands uses Egypt and her mythology as a backdrop to delve into the meanings of life and religion."

- McNally Robinson

"Rai Aren and Tavius E. have crafted a fast-paced, exciting novel overflowing with mystery and intrigue. The tension is constant. The characters fully developed. And the plot gripping. Ancient history and present day relevance are so expertly intertwined, that you might forget you are reading a work of fiction."

- Thomas Phillips, author of The Molech Prophecy

"The description that initially comes to mind is Indiana Jones, with a bit of Stargate, Mummy, and 5th Element, yet remaining completely unique. Secret of the Sands is an excitingly vivid, page-turning adventure infused with history, humor, and excitement. Rai Aren and Tavius E. have created a spectacular story with characters that I just love or simply love to hate. Like National Treasure, there is just enough historical and scientific fact mixed in to make the fictional story plausible and fun. And what a wonderful way to spotlight archaeological theories that have lost the public eye. I kept wanting to read and, by half-way through, I didn't want to put it down. Secret of the Sands was a thrill ride until the very end and I loved every minute of it!"

- Marauder, Deputy Headmistress of the Official Potterholics Anonymous

"Secrets, deceit and lies can make almost any novel exciting. But, add to that, two stories simultaneously told then throw in some romance, science fiction and a power struggle and what do you get? A true page turner that takes you on one heck of a journey."

- Michael Balkind, author of Sudden Death & Dead Ball

"The pacing is flawless, the characters well-defined, the history thoroughly researched. I would enthusiastically recommend this novel to anyone who wants a real page-turner!"

- Norma Beishir, author of Chasing the Wind & the bestselling novels Angels at Midnight & A Time for Legends

"The authors take us on a wild rollercoaster ride full of secrets, romance, lust, seduction, loyalty, royalty and deception that takes place 12,000 years ago where all is not as it seems. Two modern day Indiana Jones type archaeologists discover the secret of the sands and unravel the mysteries and dangers the secret holds."

- Mike Monahan, author of Barracuda

"I'd recommend this to anyone who is enchanted by ancient civilizations and the mysteries of how things might have come to be, such as why and how the Sphinx was constructed."

- Ruth Ann Nordin, Historical Romance Author

"Secret of the Sands is far from your typical archaeologist-finally-finds-ancient-archetype scenario. It is much, much more. Definitely a book that one can say 'satisfies your thirst, yet leaves you quenching for more...'"

- J.R. Reardon, author of Confidential Communications & Dishonored

"Have you ever wondered how old the Sphinx really is? Have you been intrigued by the mysteries swirling like the desert sands around this awesome ancient monument? Rai Aren and Tavius E. have written a mesmerizing story in which two young archaeologists discover an artifact that could provide all of the answers. But they are not the only ones who are interested in this relic, for it holds a power unlike anything seen on Earth before...This novel is packed with adventure and suspense, and the style is fast-paced and filled with vivid description."

- Susan Jane McLeod, author of Soul and Shadow, Fire and Shadow & Shell and Shadow

"It is my belief that Rai Aren & Tavius E. fit as Master Storytellers and Great Authors."

- Lance Oren, author of Chances R & Huracán

"A wonderful, exciting story!"

- Lila Pinord, author of Min's Monster, Skye Dancer & Evil Lives in Blue Rock

"The authors have successfully woven a story based on archeological events mixed with their own ideas of what happened to the Sphinx and the mysteries surrounding it."

- sabinareviews.com

"This book bounces back and forth in a fascinating balance between modern day archeologists and a theoretical civilization from 12,000 years ago...The story is told in a deft, yet casual style that makes it accessible and fun for any reader."

- Donald Gorman, author of Paradox & The Red Veil

"The mark of a truly good story is one that transcends the ages. Although the writers may base some of their novel in the past, a good yarn echoes into the present and future, as well. Secret of the Sands cherishes love, family and honor, condemns evil and treachery and presents us with a tantalizing theory of what lies beneath the great sphinx."

- Ann B. Keller, author of The Devil's Crescent & Crenellations

"I recently finished this book, which I literally devoured, and was never so sorry to be finished with anything in a very long time. In all honesty, I'm not easily pleased when it comes to my favorite subject, ancient Egypt, and it takes a lot to grab and hold my attention. This book most assuredly did just that. The authors were able to seamlessly transition between ancient times and present day, never losing the momentum of the story. I particularly enjoyed the way they incorporated the possible premise that the Sphinx, not to mention the Egyptian civilization, is older than is commonly believed by the present day archeological community. I share that belief actually. I recommend this book strongly to anyone looking for a great read."

- S.K. Shirley, Williamsville, NY, USA

"Secret of the Sands mixes mystery, ancient Egypt, romance, and as well as paranormal elements to make a fascinating novel."

- Cheryl Koch, Amazon Vine Voice
