It's so simple therefore fats, isn't it? You have to like to in this manner.

THE SWEET SURRENDER (A SECOND CHANCE LOVE STORY) BY HUNTER J. KEANE PDF

This isn't a love story. It's a story about love.

This story of love starts with a failed life plan and a sick father. That's how Helen Whicker finds herself back in her hometown of Portstown, Illinois, living with her parents and working as an obit writer for the town paper. Throw in a car accident and a neurotic sister-in-law, and Helen's life is pretty much a disaster.

Benson McCormick is just what she needs to turn things around. He's funny, uses foul language even more than she does, and he can't seem to get enough of Helen. But they live in different cities, and they both have family drama and relationship baggage.

Helen's gotten used to life on her own, but as she faces her worst fears, she wonders if she's really been living at all. The more she gets to know Benson, the more she believes that falling in love is the sweetest possible surrender. She just has to decide if she's strong enough to survive the fall.

Was good until almost the end

By CJ

May have some spoilers so read with caution.

This had a great start but its ending felt flat and weak.

On her way to her parent's house, Helen gets into an accident with Benson. Helen is going home to stay with her family because her father is sick. Benson is in the same town as Helen because his sister-in-law is sick. Helen and Benson begin a relationship which I think is very sweet and romantic. It is insta-attraction, but not insta-love. It had points in a story that I love, but it failed me.

My issues were that after Helen sees Benson holding his pregnant ex-wife's hand in the auditorium, there is no big explanation. The kid is not his. Helen may have originally run, but I felt like she was the one asking for them to get back together. I still have no idea why he was holding his ex's hand. Benson said it was not what it seemed...whatever that means. I like some angst, but with the angst must come some groveling and there really was none. I don't think he even said I am sorry when he came to her house. My opinion of Helen changed at that point.

Also, I felt as if the first 8% of the book was a lot of unnecessary detail. The ending felt rushed and epilogue was weak. I barely read the epilogue. I lost my connection when I felt Helen was the one accepting things without a clear explanation. This is the way I perceived the story. You may have seen it a different way. Reading is subjective. You may love this book.

"This isn't a love story. It's a story about love." Yes it is, it truly is.

By SuziQzp

"This isn't a love story. It's a story about love." Yes it is, it truly is. And even though it is also listed as being included in the New Adult & College genre, IT'S NOT WHINY!

This is a well-written story about regular people living their lives, dealing with some of the same types of stuff as many of us. No billionaires, no SEALS, no murderous villains, just everyday people. Oh, and only one instance of invisible sex (they woke up together).

The main character, Helen, is in an introspective phase of her life as well she should be. It is a point in her life where a lot is going on, accidents, illnesses, real people life. Thankfully author Hunter J. Keane gave us a character you can believe is a real person, one that doesn't make you seriously worry about the future of the world (I can't tolerate reading about any more self-absorbed airheads).

I didn't expect to like this book as much as I did.

The Sweet Surrender

By T. Tracy

Well another free read I found on Amazon well worth the read. Both Helen and Benton have had struggles with love and they have a funny meet. They run into each other again in Helen's hometown where she is home helping take care of her sick father. Benton is in town helping his brother with his sick wife. There are some tears and tragedy in this book but it is truly about love- love of your family and falling in love with someone when you least expect it. Truly a great read.
