The need to belong is innate in human beings. It is in our blueprint. Being part of a tribe can actually be considered as one of our greatest survival mechanisms. The human race continues to exist now because of the tribes that have been and are continuously formed. We cannot deny the fact that each one of us all want to contribute to and receive from a group of people who think alike. We are naturally attracted to leaders and to the things that they envision. It is really quite difficult for us to defy the excitement of knowing that we belong and the thrill of new endeavours. The unique handshakes, hugs and smiles that we get from the other members of the tribe define who we are. Being a member of our particular tribe is a big component of how we view ourselves. If you look at your own self, you will realize that human beings do not really want to belong to only one tribe. The fact is that we actually want to be part of many tribes. And the Internet and the technology that support it make it easier to join a tribe.

Great look at humanity. Puts things in perspective.

By R Vic

Having majored in sociology and anthropology years ago, it had been a while since I had read a book on the topic of tribes. I will say what I found most interesting about this book was the unique perspective the book had on taking a look at not only how tribes exist today, but how they exist within a leadership position. The book was well worth its purchase to provide a very interesting point of view on the topic. Highly recommended!

I loved this analogy!

By Sarah B

Being a leader can be hard and bringing a group of people together to work as a singular unit is a very difficult task! I loved the analogy that Berthold gives of a team representing a tribe in his book Tribal Leadership! The steps Berthold lays out to achieve tribal leadership are very clear and he makes it seem like it is not an impossible task! I am very excited to put this practice into my own work!!

Not only does Berthold Cole give you understanding of why we have such desires to be a part of a group but this book also teaches

By Mickey

I have to admit I was a bit confused by the title of this book but am so thankful that I chose to read it anyway. The information inside was very helpful in understanding my desire to be a part of something. Not only does Berthold Cole give you understanding of why we have such desires to be a part of a group but this book also teaches you information on how to use this to your advantage and to increase happiness in your life.
