Love this series.

By dreamreads

By far, Unstoppable, book # 4 in the Forehead Kisses series has been my favorite.

The story centers on Scotty and Livia. Both are very layered characters. Scotty is a history major who wants to be a fighter. Livia is a painter who is very analytical. They have sworn off relationships until they meet one another. Together they are very sweet. Both are broken souls who need to learn how to trust.

Scotty is just the sweetest guy. I thought he was good from the first books in this series and how supportive he was with his cousin, Keira. But with Livia it's what he was, times ten. Scotty may look tough on the outside but his soul is pure good.

Livia seems to have had something very traumatic happen to her so she is closed off. Im guessing that in Book #5 we will get to learn in detail what that is. And see how she and Scotty finally learn to love and trust one another completely because they didnt end on the highest of notes in this book and that makes my heart ache because they are soooo amazing together.

Besides, Scotty and Livia, this book introduces us to Ash, Livia's brother, who will be the focus of the last two books in this series. I think there is more to him than a pretty boy rich guy who likes to sleep around. I think there is a very good heart underneath it all because he is a very good brother to Livia.

My rating: 4.5/5

This book was a quick read and ended on a huge cliffhanger. I need more!

Heartbroken

By Carla J. S. Towers

I didn't think I would like this one as much as Keira and Liam but I do. Same premise, different people. But I still want to know what happens.
